*"Just as a father has compassion on his children, so the Lord has compassion on those who fear Him."*

*Psalm 103:13 NASB*

May 20, 2013

Dear Ministry Partner,

A compassionate father is a wonderful gift from God. Many pastors and counselors often teach that a person's concept of God is greatly influenced by the sort of father that person knew as a child. What better occasion than Father's Day, to be reminded of our appreciation for a father, or a father figure in our life, who loves the Lord and his family wholeheartedly and with compassion?

**Share the best of your dad with someone else.**

This Father's Day, share the strength and compassion of your favorite father's love with the needy in Malawi. Extend your father's love across the ocean to another continent. Your recognition of a father's love can help bring desperately needed medical supplies to Malawi patients.

As you may know, MBF partners with a network of church hospitals in Malawi. With our help they provide critical medical services in the name of Jesus to serve the country's poorest of the poor. As you can imagine, the need for medical supplies is constant.

**Turning \$1 into \$3**

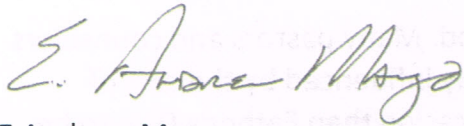

We have the opportunity right now to meet some of the need. We have a container full of donated hospital beds and medical supplies ready to go to Malawi. Good news, right?

The challenge is that the cost of shipping the container is \$15,000. However one of our MBF friends has generously committed to match 2 for 1 any donation we

receive for shipping - 2/3 of the cost if we can match it with 1/3. That means that a \$1 partnership turns into \$3. A \$50 gift turns into \$150. It is not exactly turning water into wine, but it feels a lot like... a modern-day miracle.

With your gift, we will also send gift cards to the men you want to honor for Father's Day. What a powerful way to extend the reach of a father's love, in the name of our heavenly Father.

Please help us send these medical supplies and equipment. We can't do it without you. And we can't think of a better way to honor the fathers in our lives.

E Andrew Mayo  
Executive Director

**P.S. Just think – if just 100 people give \$50, the matching gift will give us the total we need to send the entire container!**
